Coastal Agents is launching this month on the Mornington Peninsula. Despite being a new business, owner Liz Todd is well known to many locals, not only as a successful real estate agent but also as a sought-after interior decorator and property stylist through her other business, Style Temple.

"I love everything to do with real estate," Liz says. "I've been involved in the industry for years, since having my first experience while I was at university. I loved it."

Over the years that followed, Liz has developed a perfect skill set for real estate with experience in sales and business management across several industries. She has also been able to gain a greater understanding of the industry through her own experience, having bought, renovated and sold numerous homes. After making the decision to return to the real estate industry several years ago, she has established herself as a go-to agent with numerous record sales under her belt.

"I've been very fortunate to work with three very successful agencies prior to establishing Coastal

Agents and look forward to offering the best of that knowledge and experience to all of my new clients. More importantly, I understand how it feels to be a vendor as well as a buyer and believe the integrity, professionalism, transparency and decency of the agent is paramount."

With her corporate and design background, Liz is planning to bring a fresh perspective to the real estate industry. The premise for Liz and Coastal Agents is simple: Good people. Great results. "I'm so excited to be launching Coastal Agents, and what an incredible honour it is to be launching the business with the sale of one of Mornington Peninsula's most incredible luxury homes, 13 Caraar Creek Lane, Mornington." Offering a rarely available location, spectacular views, extraordinary amenity and luxury finishes, this home sets a new benchmark in coastal living.

Watch this space as Coastal Agents also sets a new level of service and professionalism in Mornington Peninsula real estate.
